Utilizing data from the quarterly FFIEC Call Reports, the BPR ranks overall bank performance across eight different categories:

- Net Interest
- Non-Interest Income
- Non-Interest Expense
- Efficiency

- NPA's/Equity & Reserve
- Asset Quality Index
- Return on Assets
- Return on Equity

The BPR serves multiple uses, including **Strategic Profit Planning**, **Setting Performance Incentives**/ **Goals**, **Board Reporting**, **Competition Analysis**, and **Trends in the Market**, to name a few.

The quarterly subscription includes two eReports (pdf and Excel) providing the ability to easily share the report with others on your team, and having access to the raw Excel data affords you the ability to perform additional statistical analysis.
