

## **Pentegra, A Leading Provider of Retirement Plan and Fiduciary Outsourcing Solutions, Celebrates Its 80<sup>th</sup> Anniversary**

**FOR IMMEDIATE RELEASE White Plains, NY, January 15, 2023**

This year marks the 80th anniversary of Pentegra, an organization created as a not-for-profit, tax-exempt defined benefit pension trust on December 1, 1943 by the then eight Federal Home Loan Banks (FHLBs). The Trust was established to manage and oversee a defined benefit pension plan for employees of the FHLB system.

Pentegra has always been a fiduciary first, founded with a mission to make offering a retirement plan easier for employers. Today, with nearly \$13 billion in assets under administration and eight decades of independent fiduciary oversight and expertise, Pentegra is a leading provider of qualified retirement plan and fiduciary outsourcing solutions for businesses nationwide.

Said John Pinto, Pentegra President and CEO, "I am so proud of what we have accomplished. An 80th anniversary is a significant milestone that few companies achieve. Pentegra is one of America's oldest, most experienced independent institutional fiduciaries. We were founded 80 years ago to serve as a Named Plan Fiduciary—long before the role formally existed under ERISA [the Employee Retirement Income Security Act of 1974]. Our clients enjoy the confidence that comes from uncompromised and objective oversight. Our legacy of excellence enables us to create retirement plans with less risk, greater efficiencies and improved outcomes—and the peace of mind that having a professional on board delivers."

This year also marks 31 years at Pentegra for Mr. Pinto, who joined the organization in 1993. He continued, "It is particularly gratifying to be celebrating this anniversary as the future of our business looks so bright. Demand for our products and services continues to grow, and Pentegra is building new, dynamic fiduciary partnerships across the nation."

Pentegra will be celebrating its anniversary throughout 2023 with a number of events, including Pentegra's annual 3(16) Day on March 16th. For a full timeline of the organization's evolution over the past 80 years, click [here](#).
