

Spencer Savings Bank Sponsors Lunch Program, Feeding Hundreds of Community Members

ELMWOOD PARK, N.J. (November 19, 2024) – Spencer Savings Bank recently sponsored the “Fund-a-Meal” program at Eva’s Village to help celebrate the spirit of the season by giving back to those in need. Spencer employees, alongside a team of rookie players from the New York Giants, visited the nonprofit organization to serve a hot lunch to approximately 350 local community members.

“As we prepare to celebrate Thanksgiving with our loved ones, we must also think about those around us facing difficult circumstances,” said Jane Rey, President and Chief Operating Officer of Spencer. “This year, we were excited to return to Eva’s Village and continue supporting their impactful program that ensures community members have access to meals. It was a pleasure to serve our local community and engage with those who are actively working to better their lives.”

Spencer is a longtime supporter of Eva’s Village and is proud to partner annually with the organization in support of various events and programs. Spencer strongly believes in helping community members who are undergoing adversity and lends financial and volunteer assistance throughout the year.

About Eva's Village:

The mission of Eva's Village is to empower individuals in need with hope, support and resources to live healthy, stable, productive lives. Founded as a simple soup kitchen in 1982, Eva's Village has grown into a critical resource, adapting to meet the ever-changing needs of the community. Today, Eva's Village offers a comprehensive network of integrated social services and behavioral health programs designed to address urgent challenges including hunger, homelessness, substance use disorders, and mental health disorders. Services include a community kitchen, emergency, transitional, and permanent housing, as well as peer-based, residential and outpatient recovery programs and mental health support. Today, Eva's Village provides close to 1,100 meals daily and empowers thousands of men, women and children each year to find their path to stability.
